STOF DOCTRINE EXTENSION BUNDLE CONFIG

```
stof_doctrine_extensions.yaml
1  # Read the documentation: https:
2  # See the official DoctrineExten
3  stof_doctrine_extensions:
4      default_locale: en_US
5      orm:
6          default:
7              sluggable: true
```

HOMEWORK

HOMEWORK

- 
- On list jobs page show only active jobs grouped by category
 - Show only 10 jobs per category on this page
 - Expired jobs should not be accessible by link
 - Install StofDoctrineExtensionsBundle and setup slug for category (don't forget about migration)
 - Create action with route `/category/{slug}` where will be displayed all jobs by specific category
 - Link this page with the page with all categories
- 
- 
-
